

ASCOT GROUP WA

A commercially successful Indigenous construction business with a focus on doing good.

Ascot Group WA Pty Ltd is an Aboriginal-owned, Western Australian company which provides licenced building and asbestos services in the Perth metro area and throughout regional WA.

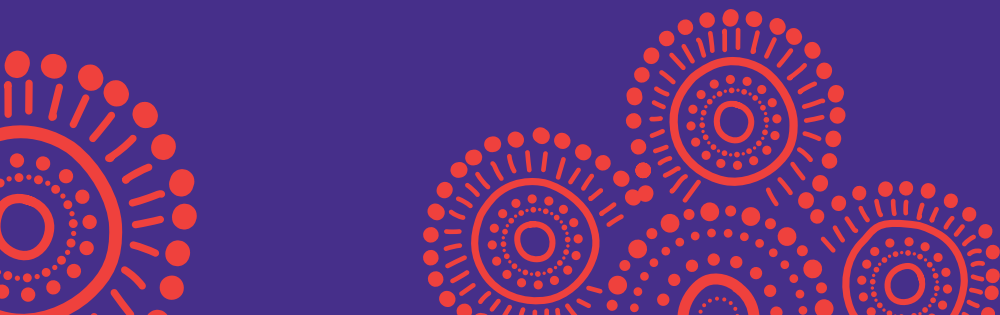

We're a forward-thinking, dynamic company with a strong track record of delivering successful projects for our clients.

We service the private, government, industrial and mining sectors.

Our team of qualified professionals has extensive experience in delivering projects across the public and private sectors including education, health, hospitality, tourism, retail, industrial and residential developments.

As a proud Indigenous business, we aim to give back to the community.

We help create long-term employment for locals. We also strive to improve the lives of First Nations peoples.

ASCOT GROUP WA

New Residential & Commercial Building

Our accomplished team has a wealth of experience working on everything from concept design and construction to post-completion commissioning and final handover.

We have strong capabilities in the following works:

Foundation, Structural, Hydraulic, Electrical, Mechanical, Roofing, Fit-out, Landscaping, and Access & Mobility Compliance.

Asbestos Testing and Removal

Every one of our asbestos removal experts at Ascot Group WA is trained and licensed for Class A and B removal.

Our project managers work closely with our residential, commercial and restoration contractor clients to ensure all hazardous asbestos removal requirements are handled properly and thoroughly.

Building Maintenance

Ascot Group WA has been providing commercial property maintenance and building services to a large and diverse customer base for over 25 years.

We have extensive experience and skills in all areas of commercial property services, including planned maintenance and property repairs to suit any budget and schedule.

Demolition

We offer a range of demolition services across commercial and residential structures, including strip outs and hand demo work.

We have the skills and the experience to get the job done safely and efficiently, with as little mess and disruption as possible.

Property Refurbishment & Fit-outs

Our clients trust us to fulfil their vision. We have a reputation as one of the best home renovation builders servicing Perth and surrounding regions.

All of the design and construction staff at Ascot Group are employed in-house. This gives us a greater knowledge of the project and leads to a better result.
